EXTRACURRICULAR EXPERIENCE

Team Member

July 2023 – Present

Ateneo de Manila Taekwondo Varsity Team

- **Maintained daily 5:30–7:30 AM training schedule** alongside a full academic workload, demonstrating sustained discipline and time management.
- **Mentored grade school athletes**, developing coaching, communication, and leadership skills through consistent hands-on engagement
- Served as a competition official and logistics support for local (city level) and national competitions, ensuring smooth operational flow across multiple sites.

Finance Officer

October 2024 – May 2025

Management Information Systems Association

- **Generated a ₱16,640 net profit** while strategically retaining surplus inventory for future intake, achieving full cost recovery and high-margin returns through precise financial forecasting.
- Managed high-precision inventory distribution, ensuring **100% fulfillment accuracy for 60+ units** delivered to members.
- Coordinated with creative teams and external suppliers to balance production costs with brand quality standards.

Sales Member

September 2025 – Present

Ateneo Blue Repertory

- Built custom trackers using Google Sheets for **~1,200 transactions**, ensuring **100% accuracy** across finance and ticket inventory.
- **Handled peak crowds of 114% capacity**, coordinating front-of-house logistics and real-time seat availability to maximize sales.
- Automated ticket confirmations using mail merge for **200+ attendees per cycle**, eliminating manual errors and saving hours of administrative work.

Sports Staffer

July 2025 – Present

The GUIDON

- Met 100% of editorial deadlines in a high-speed, 24/7 news cycle, producing coverage for varsity programs and the sports environment.
- Acted as a primary liaison between the publication and various varsity organizations, managing relationships with team managers and athletes to coordinate interviews and real-time event reporting.
- Collaborated with editorial leadership to synchronize coverage across multiple sports beats, ensuring consistent storytelling.

Taekwondo Blackbelt Sorority

November 2023 – November 2025

Philippine Taekwondo Association

- Managed end-to-end logistics for large-scale competitions of **1,000+ participants**, optimizing ingress and egress protocols to ensure seamless event flow and operational efficiency.
- Served as a secretariat and official for PTA promotion tests and national competitions, upholding high standards of data accuracy and administrative oversight to ensure smooth operations across assessment events.

WORK EXPERIENCE

Competition Secretariat

November 2023 – July 2024

Philippine Taekwondo Association

- **Managed and maintained a player database of 1,500-2,000 athletes**, ensuring data accuracy and integrity across national-level competitions.
- Coordinated end-to-end inventory and logistics for 2 national competitions, contributing to seamless execution across multiple competition sites.
- **Revised and standardized waiver documentation**, improving compliance accuracy and reducing administrative errors across all events.

PROJECTS

MetroAllstar Inventory System

Business Applications Development – Ateneo de Manila

- **Led end-to-end development** from requirements gathering and pain point analysis to system design and deployment, scoping and building all features without a predefined brief.
- Developed a full-stack warehouse management system, centralizing requisitions, inventory tracking, material dispatch, and arrival workflows to replace fragmented manual bookkeeping.
- Engineered minimum stock level alerts, dispatch reversal logic, a requisition progress tracker, and automated bill-of-materials calculations to dynamically compute supply quantities per product.
- Implemented role-based access control to enforce data integrity and reduce human error across warehouse operations
